

specialized services

Over the years, we saw that our clients needed additional services to reach their goals. We listened—found experts that focused on these functions and made them a part of our regular service offerings. As a result, we are an all-inclusive firm able to equip our clients with the best, most comprehensive information available.

Business Valuations

Understanding the value of a business is critical to a business owner in many circumstances. However, it can be difficult to ascertain the market value of a privately-held business. Rippe & Kingston's Business Valuations Services can help business owners by providing accurate and objective valuations.

Mergers & Aquisitions

Going through a merger, acquisition or refinancing can be challenging, time consuming and draining. Our affiliated broker-dealer can help you maximize the value of your transaction while easing the burden on you and your team.

Litigation Support

Though most people and businesses try to avoid it, sometimes litigation becomes a reality that must be pursued or defended against. The level of accounting expertise involved can have a significant impact on the outcome of a legal

situation. Our professionals provide a range of litigation consulting services.

Due Diligence

Due diligence is an extensive examination of a business targeted for purchase or sale. The goal of this process is to provide decision makers with a clear picture of the proposed transaction. There are a number of implications when acquiring, divesting or refinancing a company – our professionals can ensure you have all the data you need to feel confident in your decision.

Financial Services

Rippe & Kingston Financial Services, LTD assists clients in designing a plan to meet their goals and objectives by offering financial planning, insurance planning, estate, gift and succession planning, business investment, individual investment and retirement planning (401K, IRA, SEP and more).

Technology Systems & Solutions

Over the years we found that many of our most valued clients cringed at the term “information technology”. We established Rippe & Kingston Systems to combat this fear. Our team can handle the creation of a specialized software system, strategic guidance on the growth of your IT infrastructure, cost saving plans regarding IT spend and even virtual CIO services.
